## **Tantalo Gains Student Government President Position**

BIG RAPIDS, MI – Dylan Tantalo has been named Ferris State University Student Government President for the 2016-2017 school year.

The Owasso native will graduate with a bachelor's degree in Criminal Justice this spring. Tantalo plans to continue his education endeavors through the Criminal Justice Administration master's program at Ferris. He has worked for the FSU Department of Public Safety since November of 2013.

"The campaign team and I are so incredibly grateful for the endless support we've received from students all over campus. I look forward to the coming academic year to bring more awareness and transparency to the organization," Tantalo said.

Ferris State Student Government Association is a group of elected students represent the student body. Together the collaboration aims to maintain open channels of communication between students, faculty, staff, and Big Rapids community members. For further information check out their website at [www.FerrisStudentGovernment.com](http://www.FerrisStudentGovernment.com).
